THEIVING TARIFF.
The Courier-Journal is the acknowledged REPRESENTATIVE NEWSPAPER OF THE SOUTH, is DEMOCRATIC in politics, and first, last and all the time is for a reduction of the war taxes, as levied on the people by the tariff now in force.

THE WEEKLY COURIER-JOURNAL is without a superior in the world as a great family and political newspaper, and during the year 1885 it will strive more zealously and hopefully than ever for its political faith not neglecting, however, the infinite variety of choice miscellany that cause it to be so great a favorite in the family circle. The return to power of the Democratic party will make 1885 a year marked in the history of the United States, and no family should be without the Courier-Journal who desire to keep thoroughly posted on passing events. THE WEEKLY COURIER-JOURNAL has the

LARGEST DEMOCRATIC CIRCULATION OF ANY NEWSPAPER IN AMERICA.

If you are undisciplined with it ask any subscriber to it as to its merit as a great family and political newspaper. In point of quality and quantity of interesting reading matter it leads the newspaper press of the United States. If money, industry and enterprise can keep it in it will continue at the head of American journals. It contains, each week, the most complete summary of the news of the world and its editorial columns (Henry Waterson, Editor-in-Chief) are always able, strong and bright. Among the SPECIAL FEATURES are Telegraphic Specials from all the leading points in the United States and Europe, Serial and Short Stories by popular and noted writers, Talmage's Sermons the day after delivery in Brooklyn Tabernacle Market Reports, Fashion Letters, Turf and Stock Reports, answers to Correspondents Department, Poetro dud Department for Children. No Home in the Country should be without it.

THE COURIER-JOURNAL

Distinctly represents the non-office holding non-factional classes. It is a critic, not an organ; friendly to those who serve the country well; hostile to those who fail to serve it, or serve it ill; equality without endangering alliances or selfish expectations other than the confidence and support of the people to whom alone it owes allegiance. It will have no compromises to make with time-servers, but will keep right on in the path of duty which it has marked out for itself, regardless of consequences. It will move whether it rears its head inside or outside the Democratic party. It will fight intolerance and illiberality wherever they appear, and has no quarter to give to, or ask from, malice and malefactors. Democratic or Republican With this explanation of its policy, plan and purpose, we submit the paper.

Positions when Competent.

I entered the Louisville Shorthand Institute in September, 1884, having no knowledge of the subject whatsoever. I graduated in February, 1885, and immediately obtained a position with Messrs. Ray & Co., of this city, through the Principal of the Institute. I wish to add that Prof. Hale fulfilled every promise made to me before entering the school.
